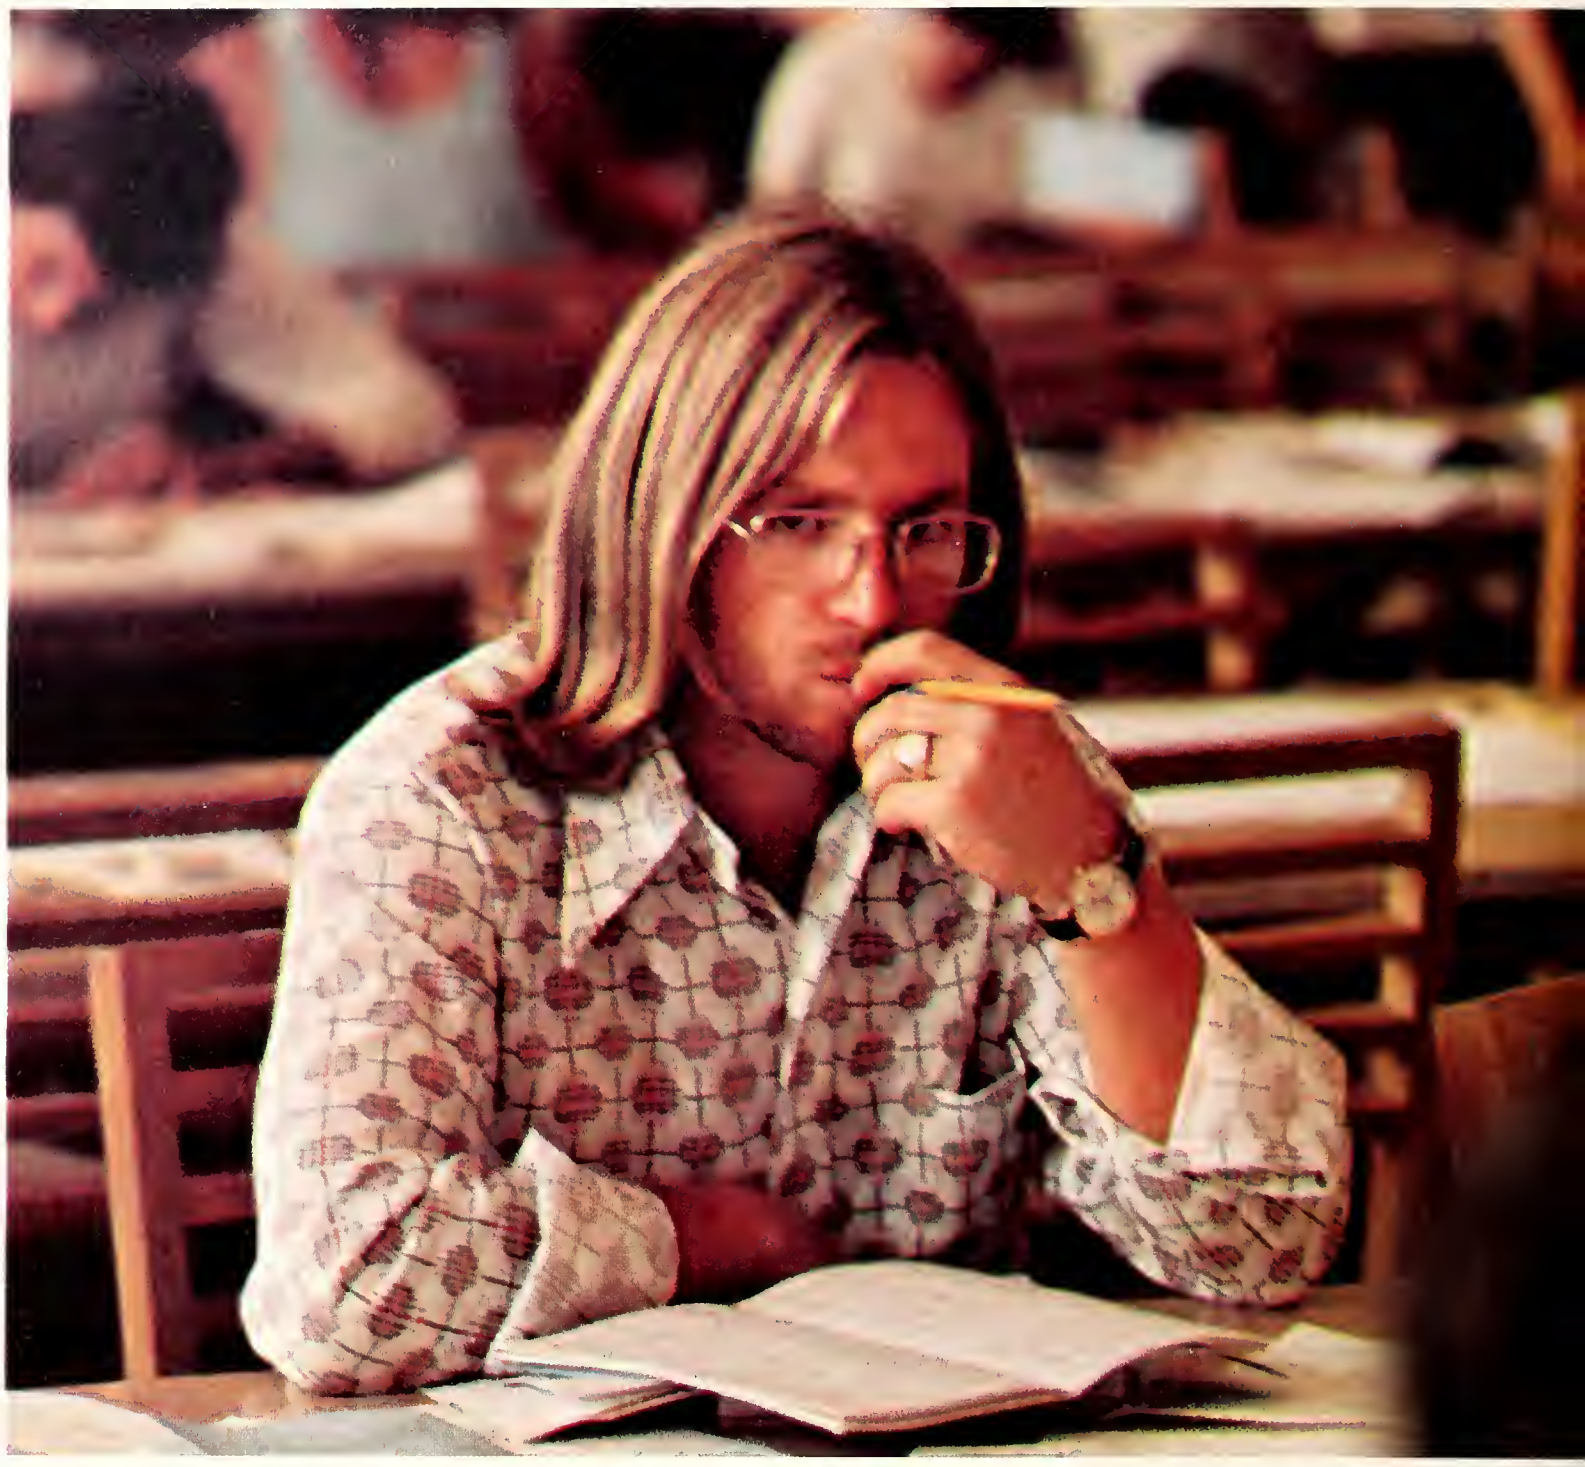
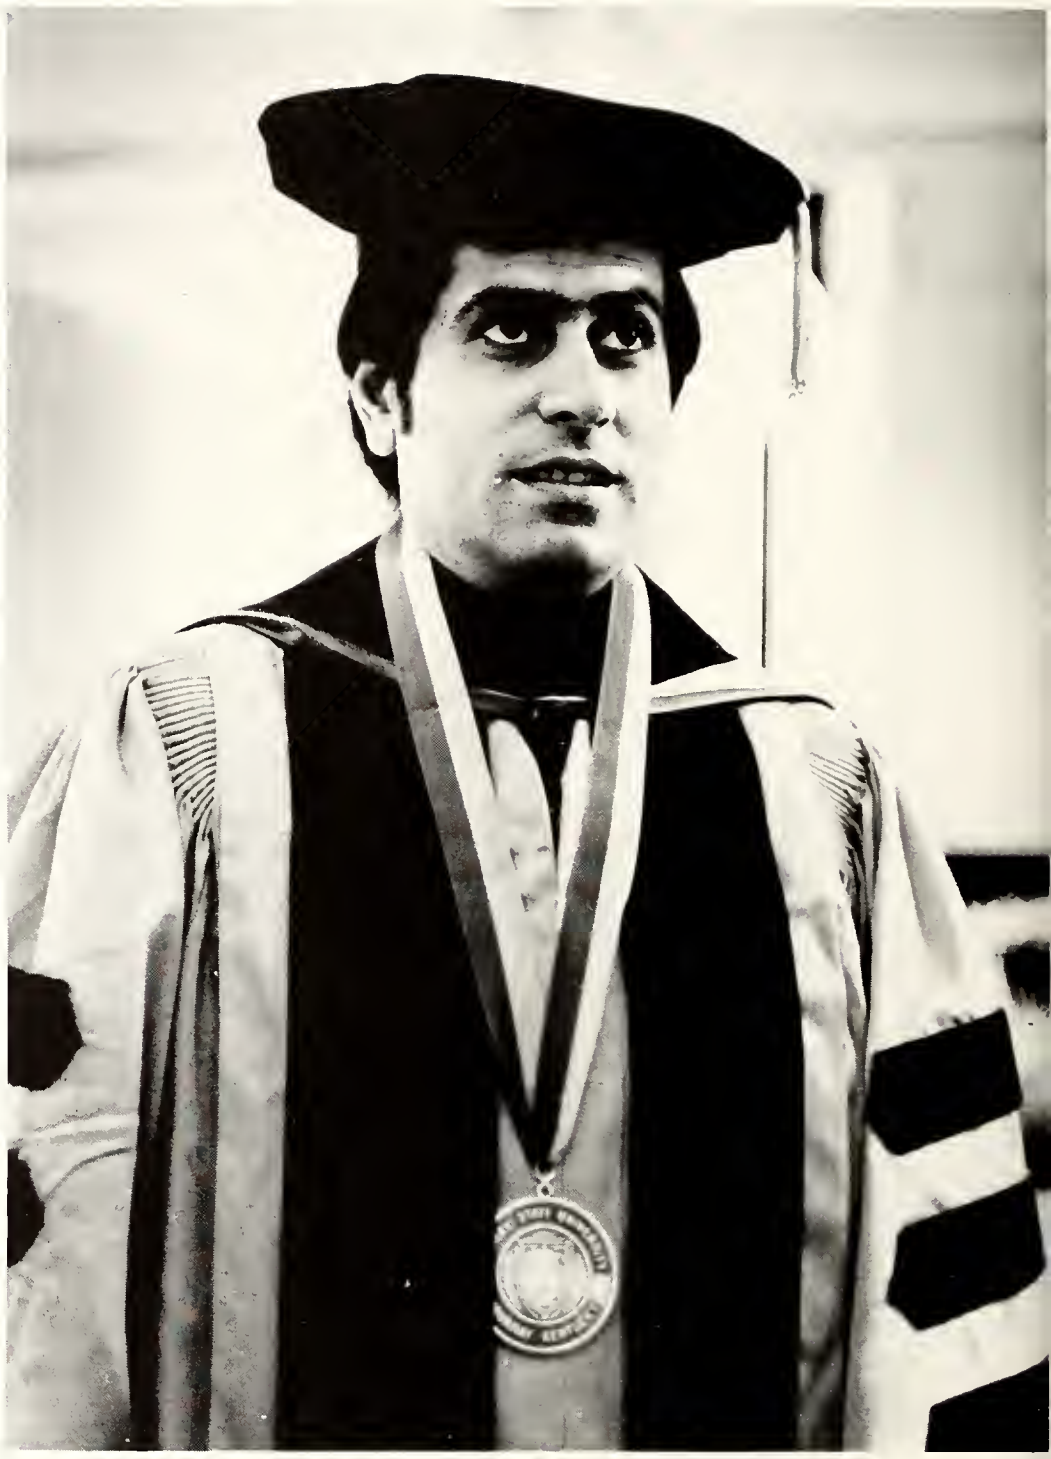
"WELCOME TO MURRAY, KY"

Everyone's eager to spend another eight months of his life studying, skipping classes, taking test, and eating meals at Winslow Cafeteria. There will also be those times when we find ourselves dancing to the music of Stumpdaddy, yelling at football games, or perhaps just sitting in the Palace, at 1:30 a.m., thinking about all of the reasons why we came to Murray. And when you think about it, Murray really isn't that bad?

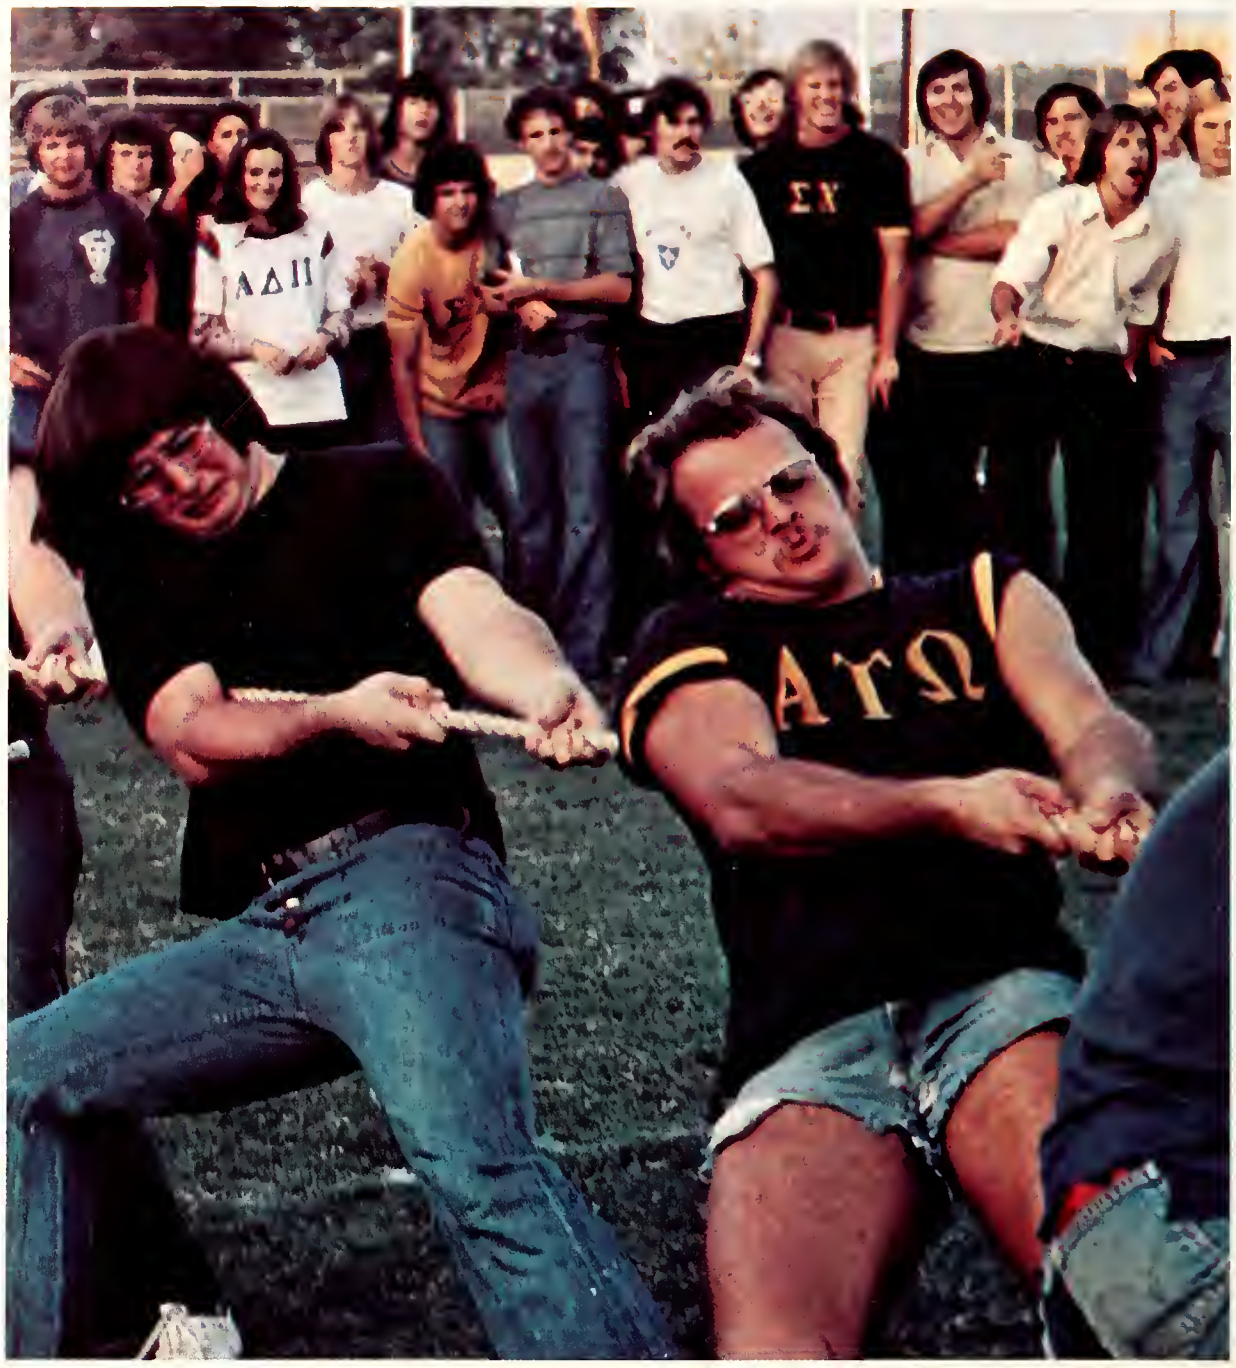


Did you ever wonder what was the purpose of registration? The goal of the game is to finish as soon as possible with a minimum amount of headaches. If you make friends along the way then that's a bonus. But if you fail to fill in all of the blanks then you must go back three spaces.

"THE WISDOM OF SOLOMON AND THE PATIENCE OF JOB"



DERBY DAY AND THE 500



Greek is competing. The prize for victory is unimportant. The essential must is to be first. And the weapons for battle could be anything from watermelon seeds to baby bottles.

HOMECOMING '73

Setting The Stage For . . .

. . . Campus Lights

appily
er After

The life of the Theatre is inevitably related to the life of the University. It is through the promise of fulfillment both emotionally and physically that the life lines of the Theatre and the University become entwined. Just what is the theatre to each person involved in the University community? Man's experience is interpreted in a manner which most closely approximates life in its various periods and societies. Each individual is a participant either under the lights or in the environment of a darkend house. The anticipation and excitement of each opening night; the commitment to achieve growth and responsibility through each new endeavor; the reaction generated on the stage, in the audience, or during each day's living on campus; all of these experiences enrich each student's life now and for an infinite amount of time.

MSU VS WCU

A loose ball during the first play of the game that let the Racers score and a 56 yard pass from Tom Pandolfi were just two of the highlights at the MSU Season opener. The third was the score at the end of the game.

To top off a perfect night, a record-breaking crowd watched Murray win the game in newly finished Roy Stewart Stadium.

27 - 35

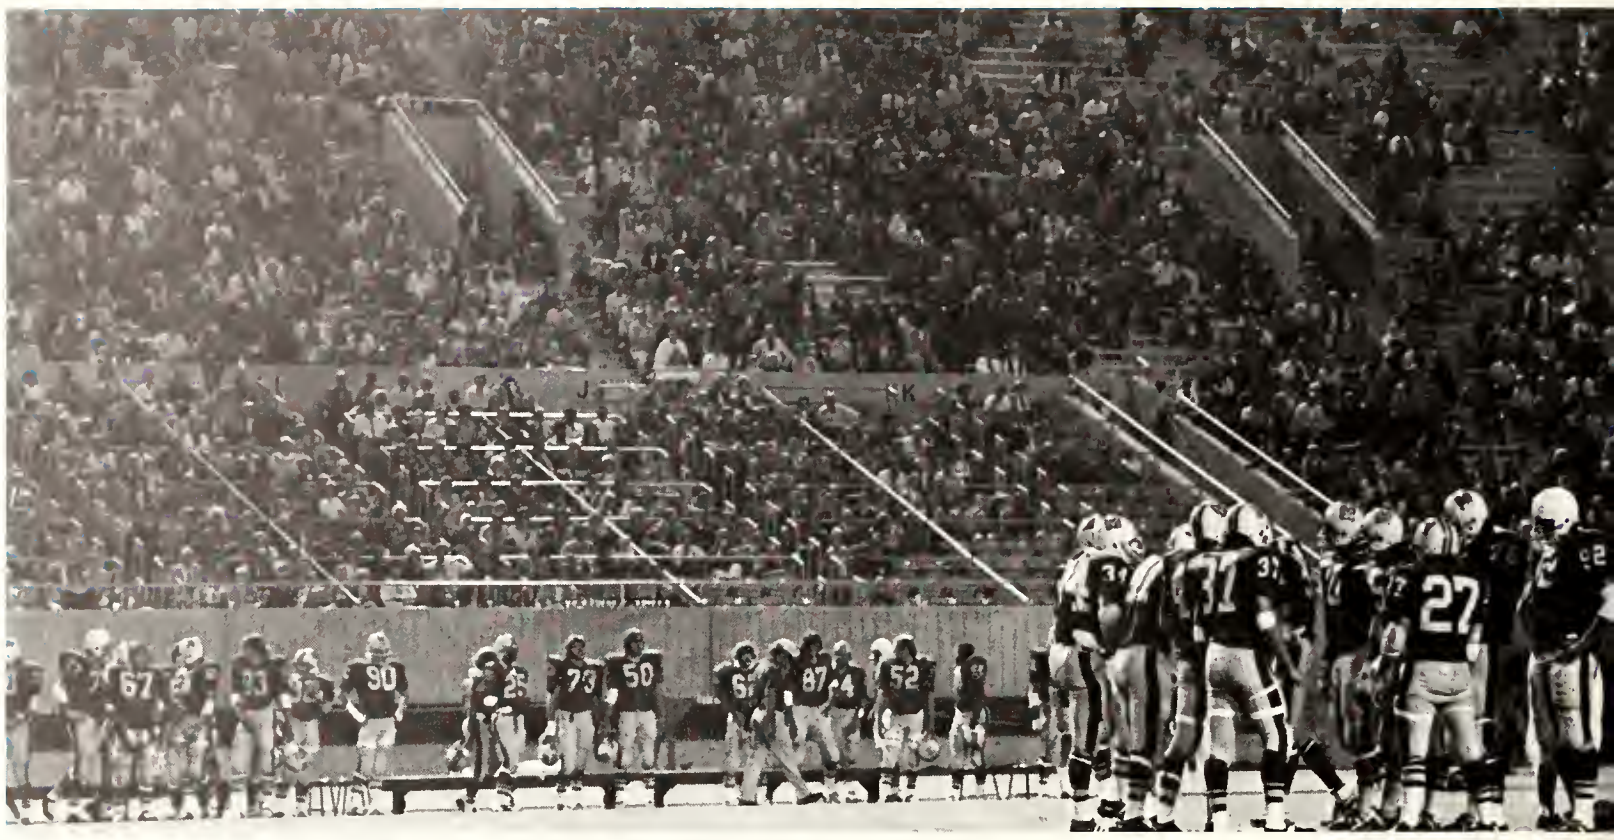
Homecoming 1973

Coming back from an on-the-road loss to Middle Tennessee, the Racers rallied their forces late in the fourth quarter to edge Eastern Kentucky, 21 to 20.

Offense and fumbles were the two words used to describe the game which was played on the wet, slippery artificial turf. Racer fans were also cheered to hear that Don Clayton had broken the 1000 yard mark.

MSU 21 - EKU 20

MSU vs. MSU



30 - 16

Offense was the word as the MSU Racers beat the Morehead Eagles by 14 points. The Racers were slow to start, but once they got going — there was no stopping them. Four touchdowns and a field goal later, the scoreboard said so too!

Murray put on their show of offense for another record-breaking crowd.

The OVC "Game of the Year" — undefeated and untied Western pitted against twice defeated and second place Murray State. WKU though favored, displayed no exceptional superiority as Murray led at the half, 13-6.

The Hilltopper coaches must have said something to their players as Western capitalized on the fumble prone Racers and scored three times to lead, 25-13. MSU came back and scored two touchdowns in the last 53 seconds and the game ended with WKU winning, 32-27.

"We're Number Two-
We Try Harder"

Practice, practice and more practice is what it takes to produce a winning football team. Shown below are some examples of the many trials the Racers had to go through to achieve their great success.

Yet, even after the hard work, gymnastic stunts, and long hours, there are still some times when the players (and friends) can relax.

Western Carolina against Murray State . . . First game in the newly completed Roy Stewart Stadium . . . Dr. Constantine "Deno" Curris sworn in as the new president of Murray State . . . MSU's kick-off to WCU . . . WCU fumbles on second play, Murray recovers the ball deep in the Catamounts' territory . . . next play — TOUCHDOWN MUS . . . WCU scores a few plays later . . . Murray has to come from behind twice but they do it . . . MSU 27 — WCU 25 . . . After defeating nationally ranked WCU, MSU had to play the defending OVC champs — Tennessee Tech . . . What a conference opener . . . the lead see-sawed back and forth . . . Murray was behind but in the last minute-and-a-half they came back to win . . . MSU 18 — TTU 17 . . . Next week Murray entertained their arch-rivals, the Golden Eagles . . . MSU put on an offensive display for the largest crowd that the new stadium has ever had . . . Included were 11 area high schools in the first annual "Western Kentucky Night" . . . the paper airplanes soared and so did Murray . . . MSU Racers 30 — MSU Eagles 16 . . . Murray then traveled to Martin and then kept their undefeated record intact . . . Two fights, with both benches emptied, were the highlights of an otherwise repetitious romp over Martin . . . MSU 21 — UofT at Martin 10 . . . All good things must come to an end and it happened in another "Mud Bowl" as Murray traveled to Middle Tennessee only to lose a heartbreaker to the Blue Raiders . . . MUS 14 — MTSU 17 . . . Next stop was East Tennessee where the Bucanneers claimed to have one of the South's best quarterbacks . . . Evidently MSU's was better as we beat the Buc's soundly . . . MSU 20 — ETSU 14 . . . Homecoming was next and even though Ike and Tina didn't show, Murray's winning streak did . . . Murray had to come from behind and got the support of an enthusiastic crowd which was not the least influenced by the flock of geese flying over nor the dark rain clouds which had hampered the Parade, but which didn't affect the game . . . Murray won in a SQUEAKER . . . MSU 21 — EKU 20 . . . Murray then invited Austin Peay to it's new stadium and proceeded to get revenge for the basketball game last season . . . An undefeated season at home was assured as the Racers overwhemlmingly creamed the Governors . . . MSU 31 — APSU 19 . . . A road trip up North put a cramp in the Racer's style . . . Playing with the wind chill factor below freezing and snow on the ground doesn't help when one's used to playing in the "Sunny South" . . . MSU did do a good job on defense however, and held the Youngstown Penquins . . . MSU 8 — YSU 12 . . . OVC "Game of the Year . . . MSU was supposed to get creamed but they didn't . . . in fact MSU led at the half 13-6 . . . But Western went on to win . . . MSU 27 — WKU 32 . . . WE MAY BE NUMBER TWO — BUT WE TRY HARDER . . .

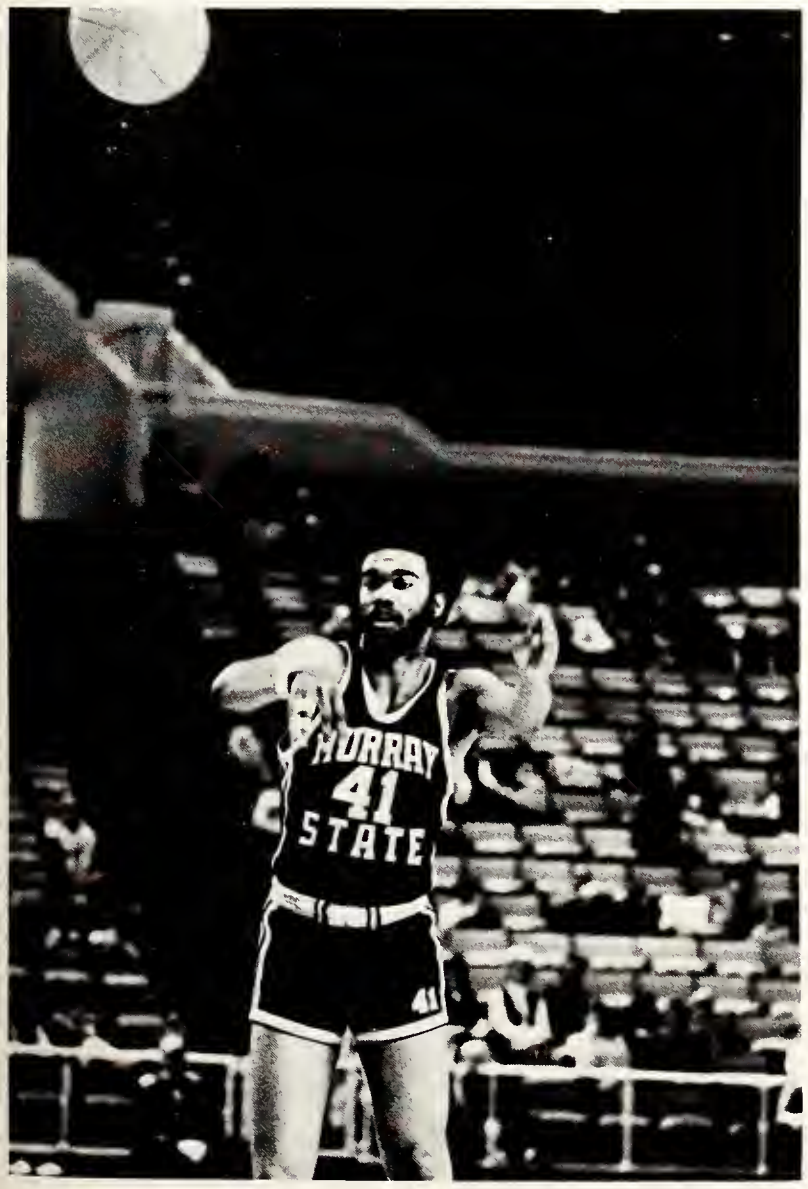
NON-CONFERENCE GAMES

Usually the month of non-conference games help the MSU Racers work out the problems of working with new team members. This season was no different as the Racers tallied up a respectable 4-3 win-loss record. After this difficult month, the Racers proceeded to the Oral Roberts Tourney in Tulsa, Oklahoma.



Tournment . . Oral Roberts' Style

After a month of strenuous nonconference games, the Racers traveled to Tulsa, Oklahoma for the annual Oral Roberts Basketball Tournament. The tourney, which Murray has participated in for a number of years, was held on December 21st and 22nd.

The first game was MSU vs. RIU, a game which MSU won. The game for the winners pitted the Racers against ORU. MSU lost and came in second.

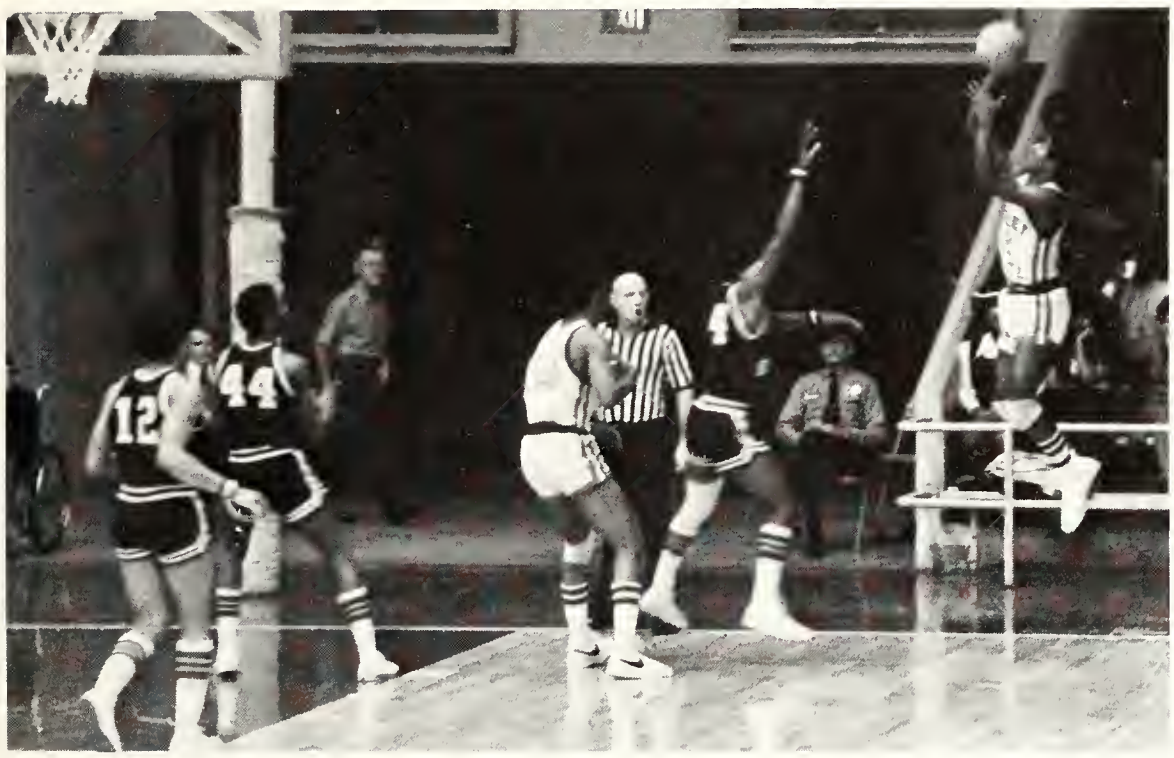
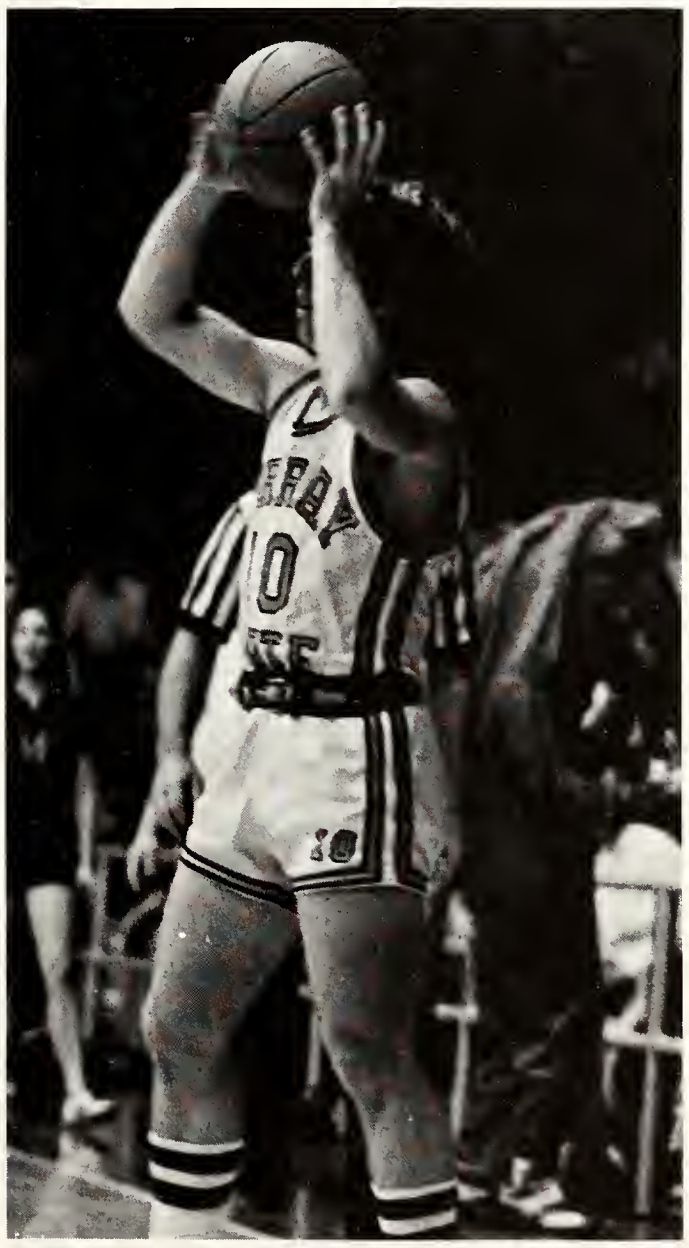
Second Place MURRAY STATE UNIVERSITY
Third Place RHODE ISLAND UNIVERSITY
Fourth Place LOS ANGELES STATE

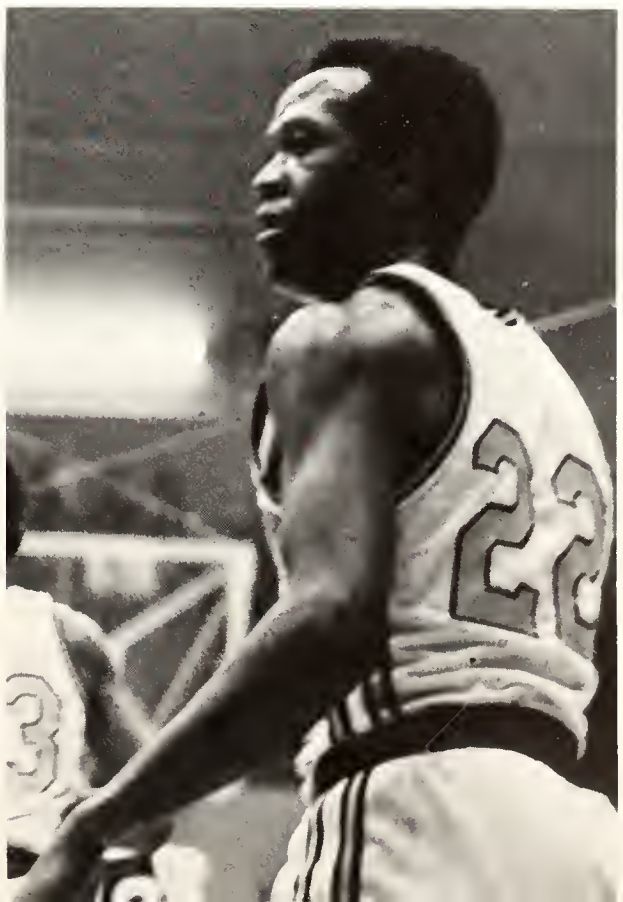
The "After Christmas" Games



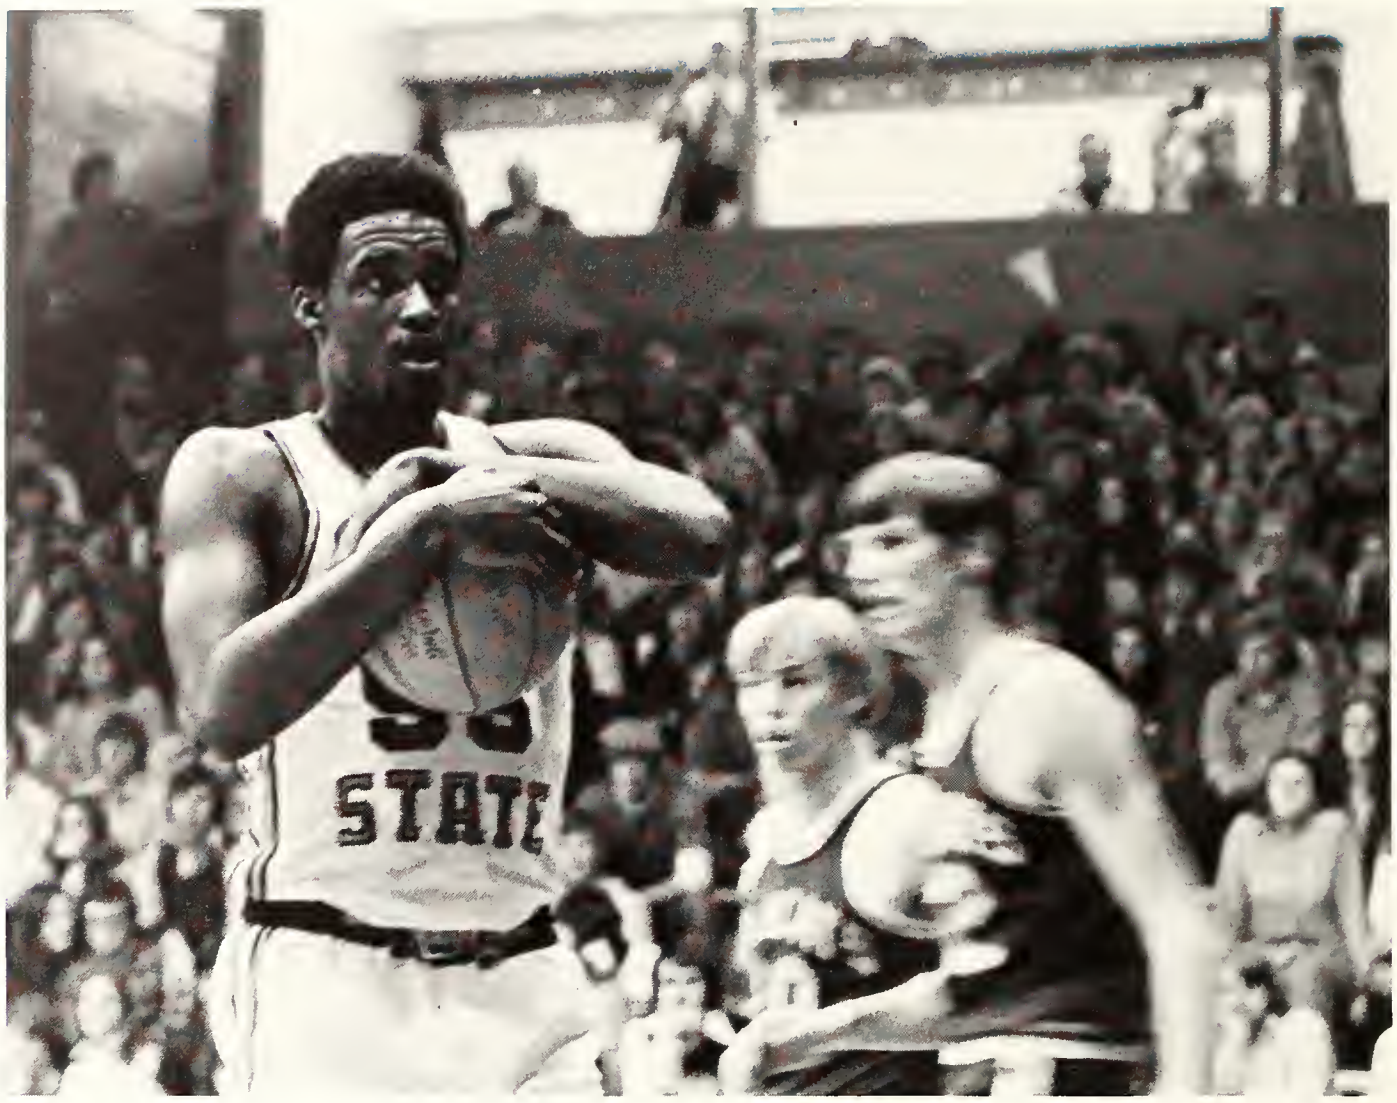
Murray State started off its after X-mas games early with a bout against Memphis State, New Year's Eve. The Racers lost in a squeaker, 67-65, but recovered to beat Texas Wesleyan, 70-58.

The McNeese game being postponed due to the weather, gave the Racers a breather before they resumed their tough schedule. The next two games, against EKU and Morehead gave MSU an indication of what to expect for the rest of the season. They loss to EKU by two points, but the Racers beat Morehead, 74-72.





Six out of seven OVC games on the road



"If someone had told me that Murray State would be 9-9 at this point in the season, I'd have said they were lying."

Steve W. Givens,
Sports Editor-Murray State News

. . . it was murder

As the headline indicated, the eight game series with only two games at home was murder. The win-loss result of this series put the OVC Championship out of reach for the Racers. With only two wins and six losses, the MSU team had its worst season since 1958.

The games were marked by high emotion and as a rule were close. For example, the Western-Murray meeting, always an exciting game, was played at Bowling Green and the final outcome was WKU 79 — MSU 75. Murray's only home OVC game against Middle Tennessee in this series ended with MSU winning 74-71 and also the East Tennessee match was close, ETSU 65 — MSU 67.

The Home Stretch

The final series of games saw MSU trying desperately to win enough games to break even in an otherwise dismal season. However, Coach Luther's Racers fell one game short of the desired goal. MSU's OVC record of 6-8 was one of the worst for the Racers in years.

The Season Record . . .

BASKETBALL
it starts with —
members of last year's team,
new teammates,
scrimmages,
luther yelling,
and hours of practice — those — hours of practice.
you have to practice when its nice outside,
or when you're tired,
or when you just want to goof off,
but you practice anyway — all during football season.
then . . . the season starts.
THE GAME!
you psyche yourself up during practice,
you go to the fieldhouse and get dressed,
in the fieldhouse, the crowd is waiting, impatiently, to see the '73 runner-up team in the ovc.
the cheerleaders warm-up the crowd with their cheers and their uniforms.
the crowd is on its feet, cheering and clapping as you come trotting in.
you're name and number is called . . . this is it.
the jumpball, a shot and you rebound the ball,
("Hey coach, what do I do now?")
you run, shoot, jump and try to convince the ref that it was the other guy's fault.
he doesn't believe you and your hand goes up.
the other team runs, shoots, jumps, fouls.
together.
after four quarters, the game is over and you've either won or lost.
the difference is made by how the team works together.
you go through a lot games.
you win a few —
you lose a few.
a top team wins more than it loses. a lot more.
murray did not
the racer's win-loss record said so — 12 wins and 13 losses.
why? . . . what went wrong? . . . who knows?

Junior Varsity Basketball
The "Baby Racers"

The "Baby Racers", as they are fondly called, are MSU's second basketball team. Under a new coach, Fred Johnson, the team had compiled a 4-7 win-loss record. With Donnie Wood and Dave Logan as the floor leaders, the Junior Varsity team has gained a lot of valuable experience during the past season.

Soccer

Soccer, traditionally known as one of Murray's "little sports" had another great season as shown by its 4-2-1 win-loss record. Unfortunately, Murray was unable to display its playing powers in the annual, state-wide Kentucky Intercollegiate Soccer Tournament. It was pointed out by one of the players that perhaps one of the reasons Murray wasn't even invited was because the MSU team had won the past two out of three tourney contests.

Sam Torres-NCAA All-American

Football and Basketball players move over — we have another All-American as Sam Torres joins Jim Krejici as the only Cross Country players to achieve such an honor. Sam qualified for the honor by placing in the top 25 at the NCAA Championships at Spokane, Washington.

Sam, who hails from Flint, Michigan, transfered here two years ago and has broken two school records and been the top runner ever since. Sam ran on the NCAA Junior All-American team from his junior college, Mott Community College back in Michigan. Sam's honor keeps Coach Bill Cornell's record of seven All-American in as many years intact. Not bad for one of Murray's so-called "Little Sports".

Cross Country-Another MSU "Little Sport"

If Cross Country is anything, it isn't little. In recent years the Murray State Cross Country team has always contributed their maximum number of points toward the All-Sports Trophy, constantly in the top Five in the OVC. This year was no exception as MSU took 3rd in the OVC Championships. The CC team was further rewarded, this year, by one of their members making All-American. This is Coach Bill Cornell's seventh All-American in as many years. All these things should tell you how "little" Cross Country really is.

BACK ROW: Stan Thompson, John Balbach, Coach Bill Cornell, Brad Finseth, Rod Harvey. FRONT ROW: Donald Wilcox, Clinton Strohmeier, Dennis Sturt, Dennis Mabbitt, Gordie Benfield, Sam Torres.

Spring '73 Baseball

Murray's baseball team produced another fine spring season. Their 30-11 win-loss record was good enough to keep them ranked among the top 20 teams in the nation. We took the divisional title but lost the OVC championship to Morehead.

Fall '73 BASEBALL

Undefeated in non-conference play and a 4-2 record in OVC competition marked Fall '73 play for Coach Reagan's Racers. This record was good enough for the Western Division title once again. The final OVC champ will be decided by spring play.

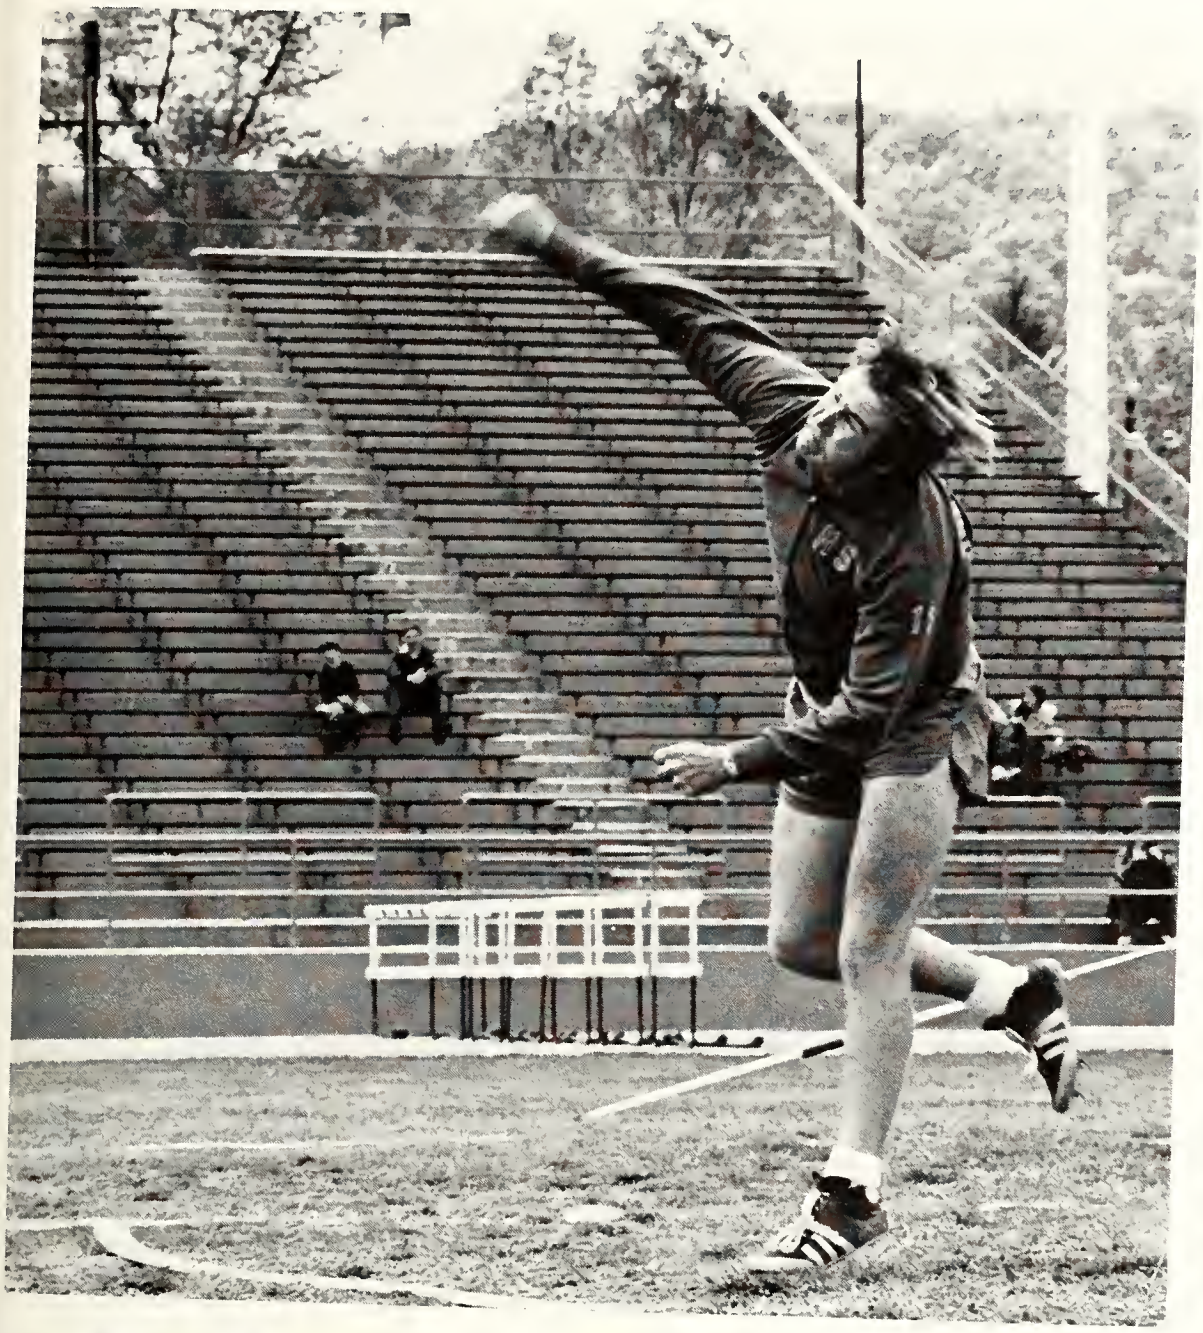
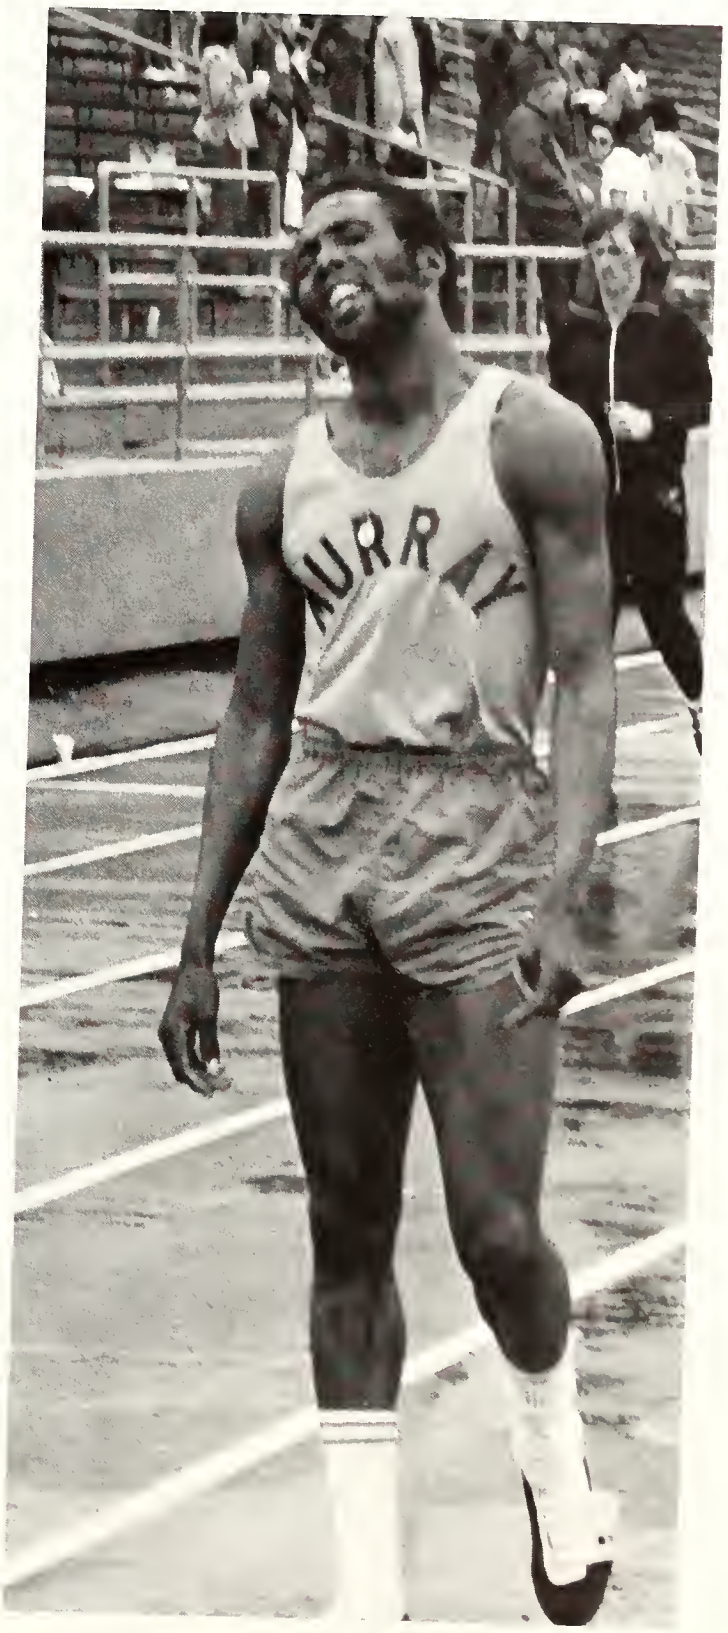
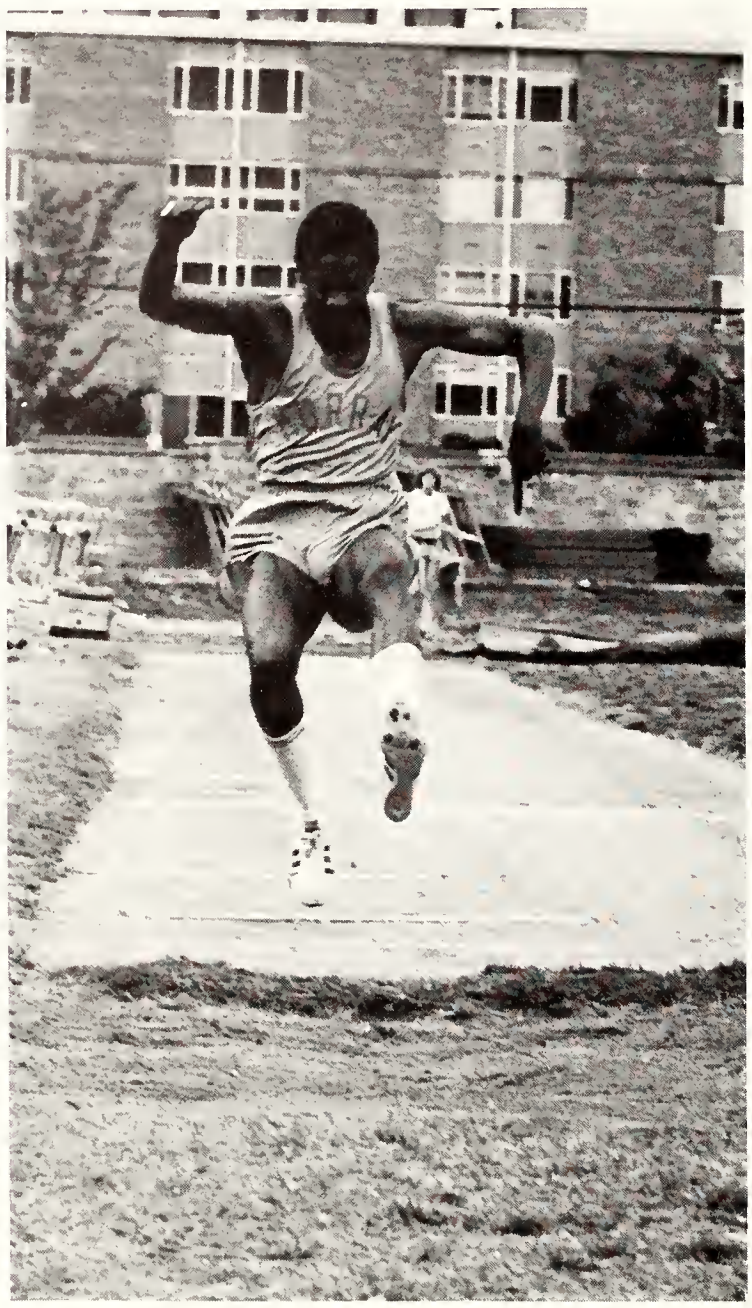
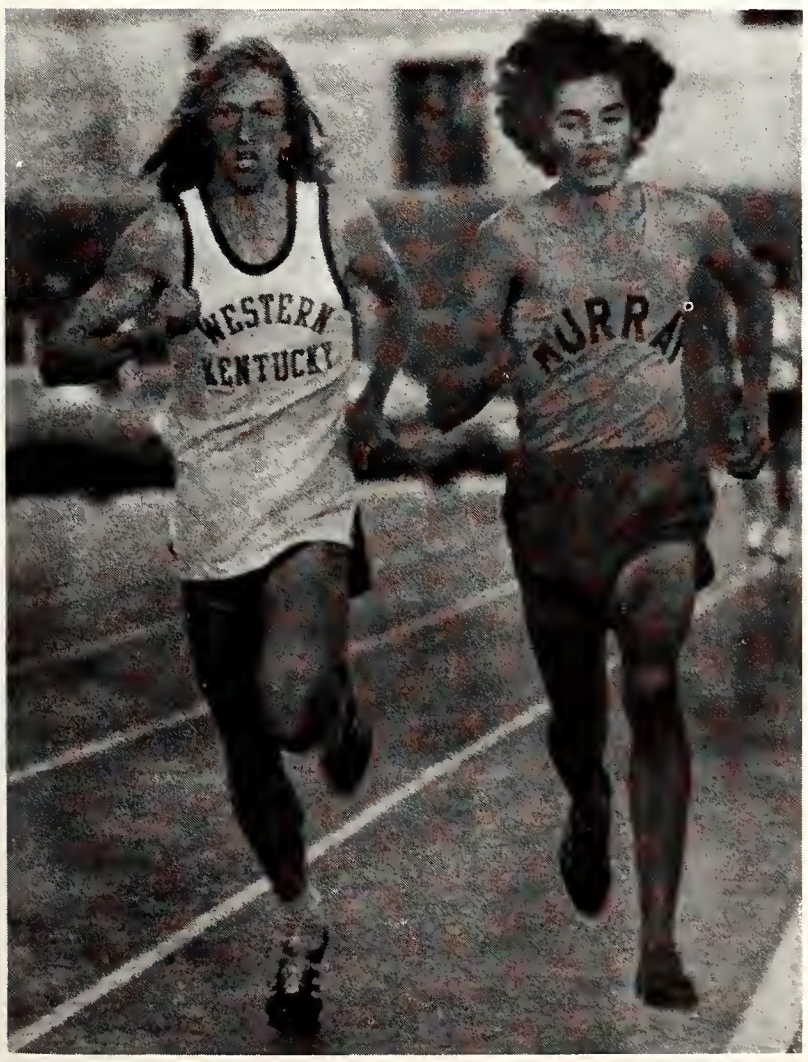
TRACK: Spring '73 and the OVC Meet





More Scenes of Track and Field at M.S.U.





At the Ohio Valley Conference Track Meet held at Morehead in the Spring of 1973, the Murray State team placed a solid third behind Western Kentucky University and Middle Tennessee State University. Murray's total of 43 points was a result of a great team effort — such as a second place showing by the Mile Relay team — and also efforts by various individuals.

Murray's leading individual scorers for the meet were Herman de Munnik, Sam Torres, and Fred Sowerby. A second place finish in the Javelin Throw by de Munnik, a second and a third in the Mile and Three Mile Run were Torres' accomplishments and a first in the 220 yard dash was All-American (Indoor Track) Sowerby's effort.

Golf-There's More To It Than Putting

GOLF — Supposedly the sport of the rich, the idle and the lazy. Not so at Murray State where the golf team, under the watchful eye of Coach Buddy Hewitt, puts in a lot of hard work and sees some excellent results. Even though there were no individual champs this season, the team members rallied for a number of good showings. The best was a Second place at the Kentucky Intercollegiates.

Spring '73

Under the combined coaching of Pat Ward and Linda Stegner, Women's Track had a very productive season. Braving wind and rain during a home-meet in Murray's monsoon season, the team maintained a high standing in the OVC. With a large number of returnees plus some new talent, it should be another good season for Women's Track.

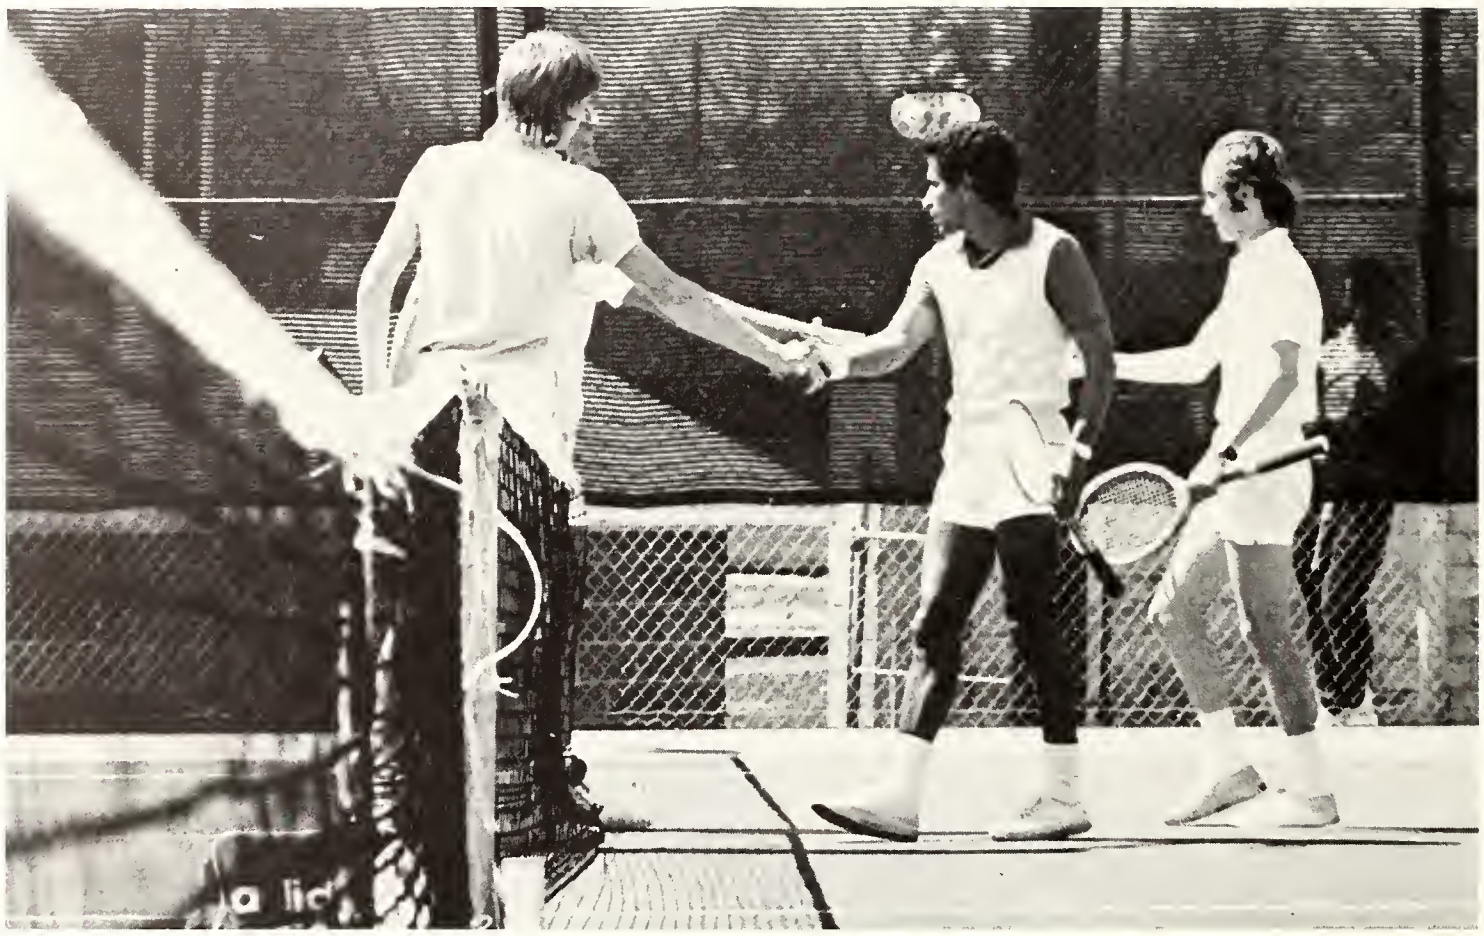
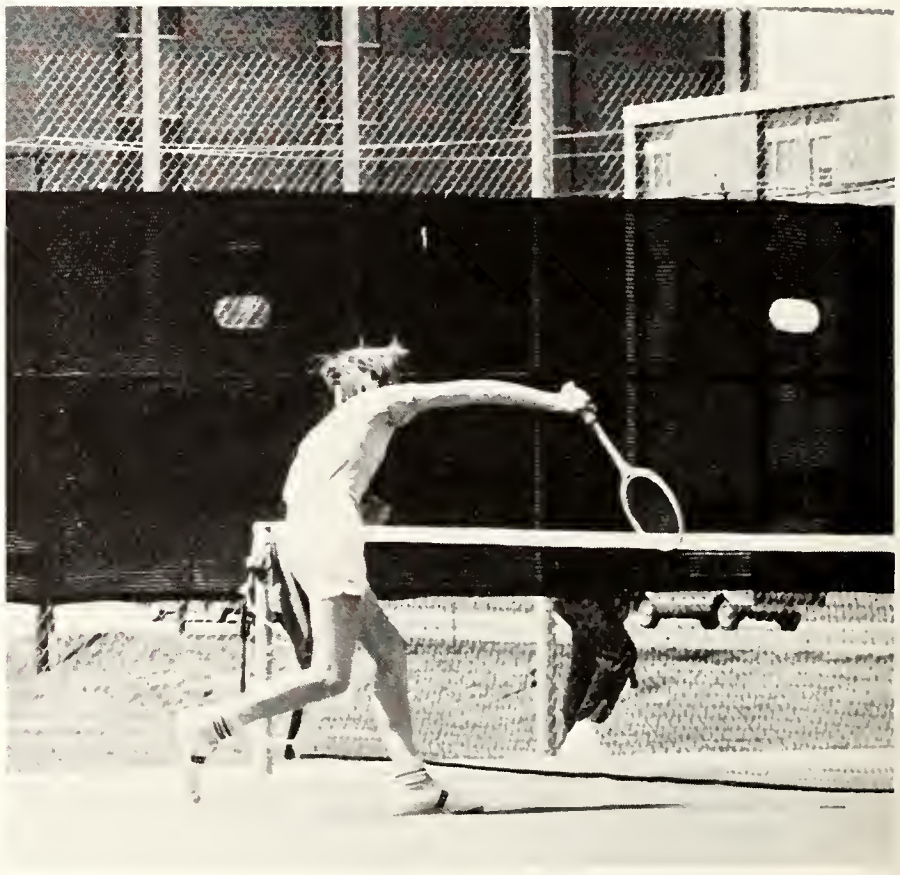
MEN'S TENNIS





WOMEN'S TENNIS

The Women' Tennis team has, in recent years, shown depth and talent and this year was no exception. During both the fall and spring seasons, Nita Head's team won a high percentage of their matches. Though graduation hit the squad hard, with the talent left and new members, the tennis team has good prospects.

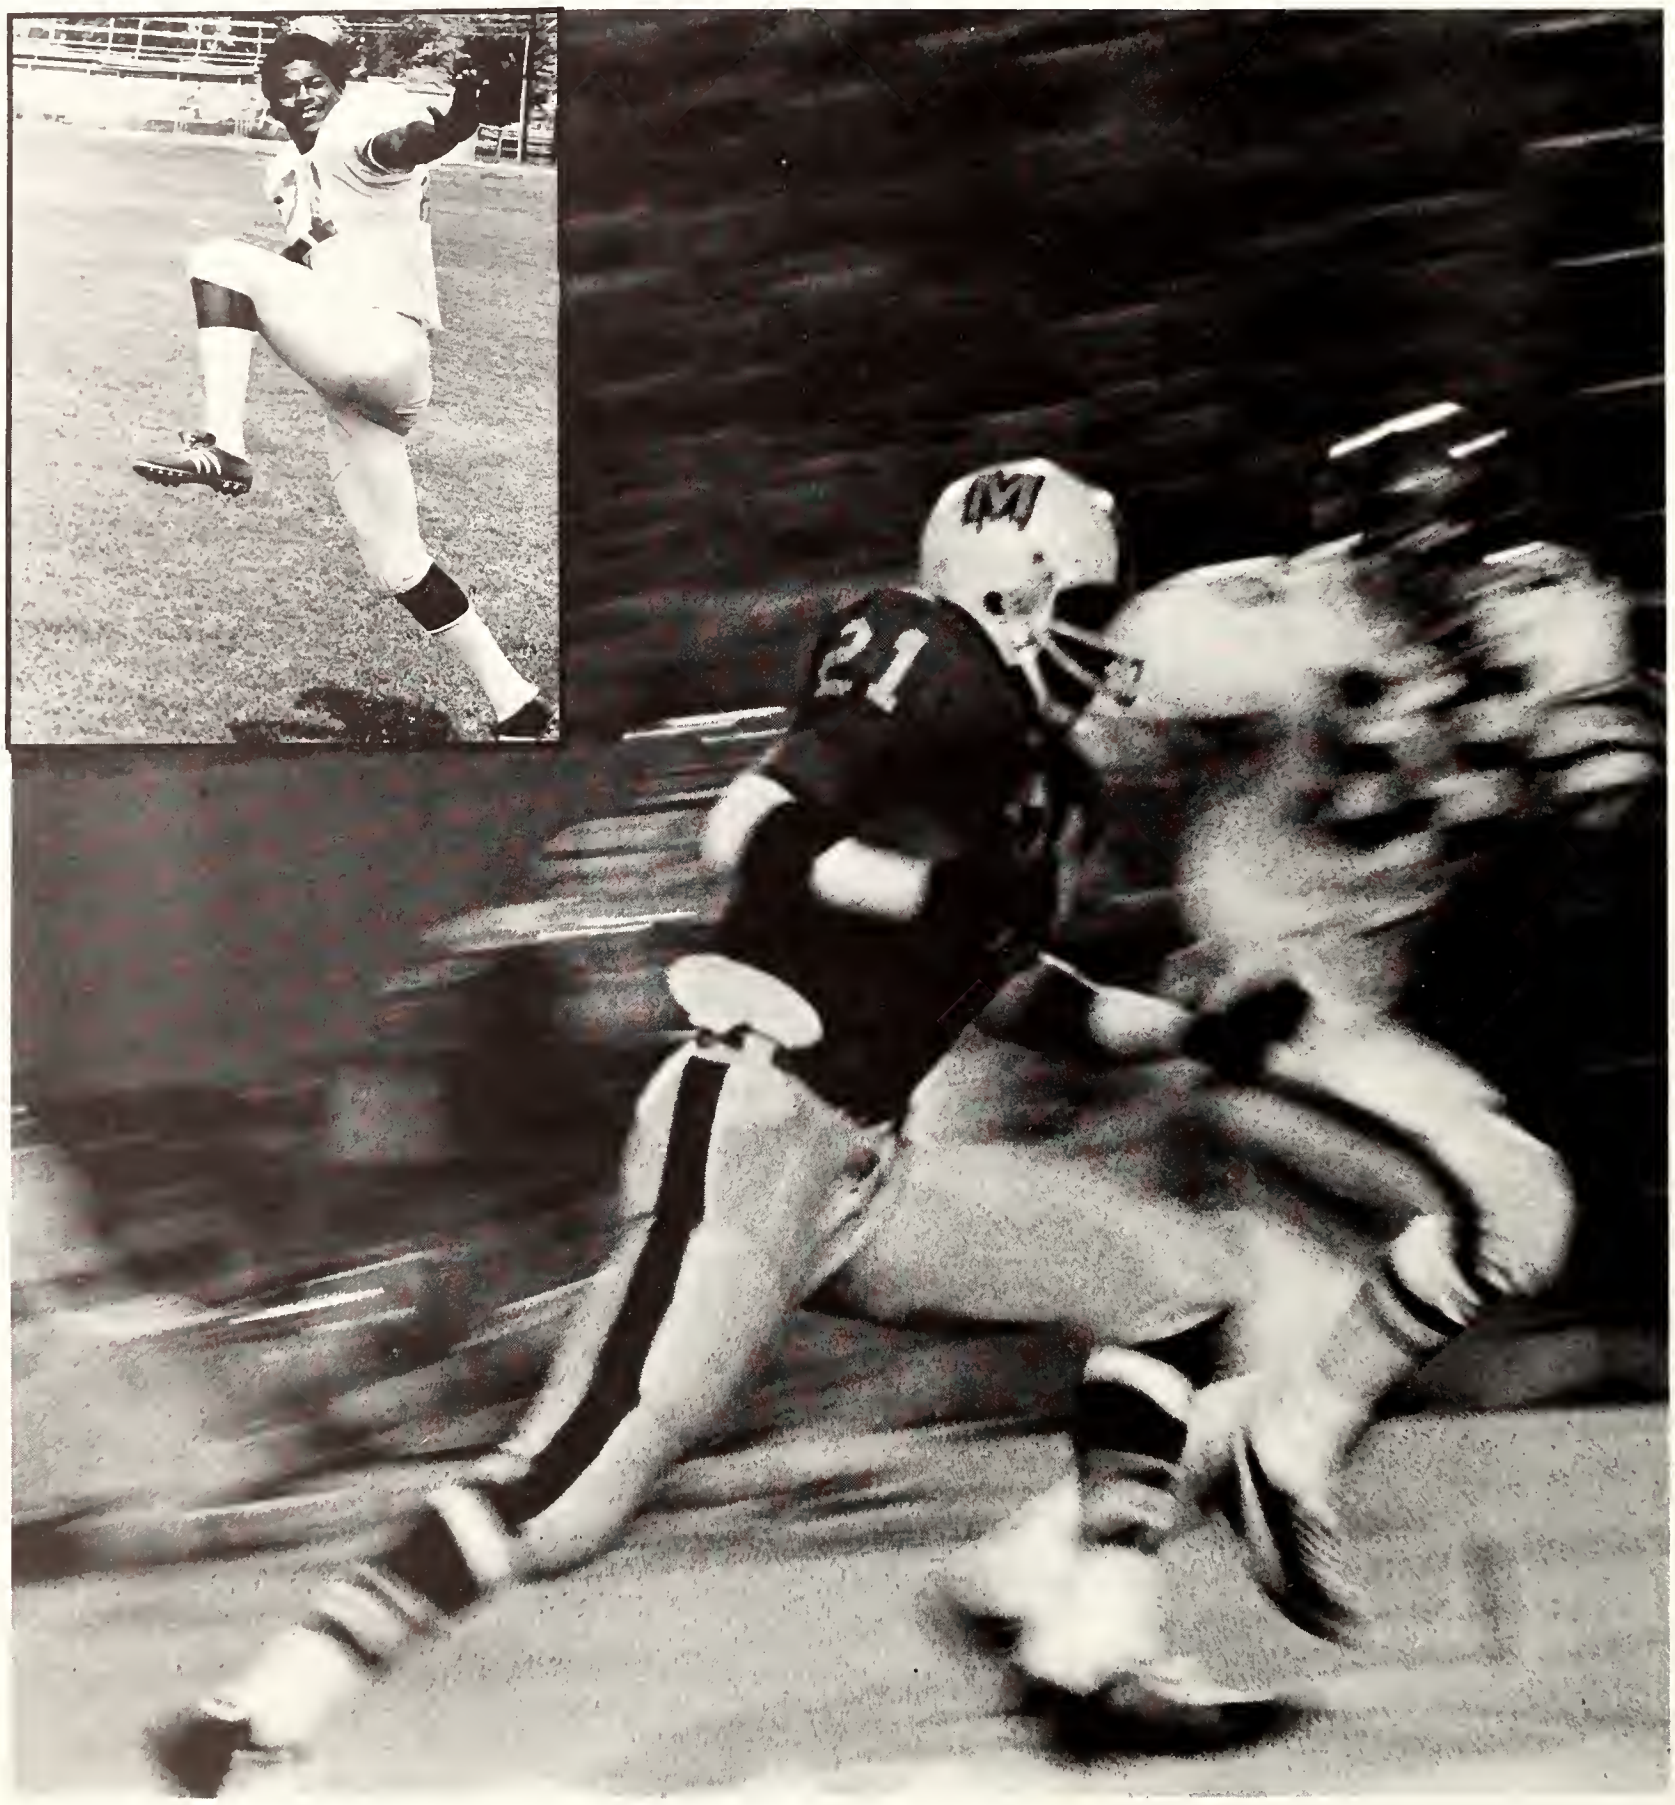
Don Clayton — Kodak All American



Murray State had one of its best football seasons in years and this young man, among others, was directly responsible. Kodak's selection of Don Clayton as an All-American was almost anti-climatic as everyone associated with the football team knew he would be chosen.

The 6'2", 197 pound junior from Malden, Missouri led the OVC in rushing with 1,403 total yards in 242 carries. Don averaged 140.3 yards per game and carried for 5.8 yards every time he touched the ball. These statistics, plus Don's season total of 54 points, helped him to be sixth in the league in scoring and runner-up for the OVC "Offensive Player of the Year".

Intramurals

Intramurals are important at Murray. Not only do they provide a chance for exercise and activity, but they are also a time when you can enjoy sports with other people. Greek or Independent — when you're playing on a team it doesn't matter.

The men's programs are organized through the offices of Buddy Hewitt or by the Residence Hall Supervisor, Eddie Hunt. This year many programs were expanded, with the exception of flag football, due to the numerous injuries last year. The women's and co-ed sports program is administered through the Health, Physical Education and Athletic Departments. This program specifically organized and conducted by the Women's Recreation Association and members of the Women's Physical Education staff.

THE INDEPENDENTS

Murray's Silent and Invisible Majority

What does this picture of an empty stadium represent? It was meant to represent the several thousand non-Greek students on Murray's campus — or at least a portion of that silent majority. There was room here for hundreds of faces. Why is this space so empty?

There are, it seems to me, several reasons.

It was, after all, a cold snowy Sunday afternoon, in late February. Since it was Sunday afternoon, many M.S.U. independents were probably too busy unpacking the suitcases they had taken home with them over the weekend to show up for a picture.

Then again, there may have been a lack of cummunication. After all, the only information concerning this picture was a two-inch column on page fifteen of the Murray State News. Not everyone reads the pages toward the back of the paper. Not everyone reads the paper.
Not everyone on this "university" campus reads more than is absolutely necessary, in fact.
How many of these invisible independents will even bother to read this page?

Possibly there are more meaningful reasons for the emptiness of this picture . . . According to this evidence, the independents on Murray's campus are definitely in the minority. Other aspects of campus life seem to support this evidence. The majority of Student Government offices are held by "Greeks." A great deal of space in the *Murray State News* is devoted to "Greeks," in proportion to the rest of the student body. A large section of the yearbook is devoted to "Greeks" and their activities. The majority of the social activities on campus are "Greek" functions. Why?

Are "Greeks" the only Murray students who have not become invisible and silent through their apathy? Are fraternities and sororities the cream of Murray's crop? Are they the only people who know what brotherhood and unity and involvement and concern are all about? If only a minority of students are awake to the things which are going on around them, what can be done to rouse the sleeping apathetic majority which threatens to lull all of this university to sleep — to make it as hollow and dying as this old stadium?

Certainly this picture is a small thing to judge by. But perhaps it illustrates a point. Six people, at least, did show up to be counted. Somewhere under the mask of indifference, a few more of the silent majority must be awake to the need for involvement and commitment which Murray, at this new era in its history, is crying out for. We have a young, dynamic, and forceful new president. We have old entrenched problems. And we have enough potential to raise Murray above the limitations of its small size and the stigmas which accompany this. Unfortunately, we also have, among our old entrenched problems, the silent, invisible enemy, apathy. Does that mean we have to surrender to that enemy? Apathy, like a cold crumbling stadium, can be torn down and replaced by something more solid and more meaningful.

The 1925 Shield Staff

The Staff that compiled and published the first **SHIELD** in 1925 had eleven members who held offices like "Nonsense Editor" and "Subscription Editor." But this conglomeration of students from the surrounding counties created a first, and were rightfully proud of their accomplishment. The 1925 **Shield** featured full page spreads of the Wilsonian and Allenian societies, two prominent organizations on campus. There were no fraternities or sororities at the time but groups like the Conversation Club attracted plenty of support from the students. Leafing through the stiffened pages and reading the student articles gives you the feeling that students then felt a real sense of oneness with their school, even though there are evidences here and there of the chronic complaints that always plague college campuses.

The

1974 Shield Staff

In this 50th edition of the **SHIELD** we the staff would like to present the comparisons and contrasts between the era of the flappers, which in itself was a time of rebellion and change, and the present individualistic movement on our campus with which all of us identify.

The 1974 Men Of Note

The Fine Arts at Murray State have always been extremely active. The 1925 organizations in this area included the Drama Club, the voice students, the first "Murray Men" quartet, and the Murray Normal Novelty Orchestra, all of which in time blossomed into the very busy and prosperous school of Fine Arts.

The 1925 Murray Normal Novelty Orchestra

Beauty queens have always had their place in the **SHIELD** too. Title-holders of 1925 were Nelle Howard, as Most Attractive Girl and Eve McDaniel, as Most Popular Girl. In future editions this section was to grow greatly in popularity, until it became a major portion of each book.

Hello Garry! Hello Dave! well here we are, published photographers. What a hassle this year's been. Really — but ya know it would have been even more if it hadn't been for some help from several people. Like who? Wilson Wooley for one, others who contributed photos were Terry McGinnis, Jim Levensen, Phil Sutton, Fred Reaves, Bob Pluckebaum, and the photographers of the Murray State News.

Ms. Hardison helped the staff work on the class pictures.

You know Dave, we should thank those groups whose pictures we had to take over again and again and again . . . that's good enough, stop there okay. Garry not only do you and I have Mr. Fazi to thank but the entire staff of the '74 *Shield* owes him alot of thank you's for all the time, effort, and guidance he put into this book as our advisor . . . right . . .

The 1974 *Shield* was brought to you by Hunter Publishing Co., Winston-Salem, N. C.
